election!

Vote in the 2026 Election

On September 13th, elections will be held for the Swedish Parliament (Riksdag), regional councils, and municipal councils. You can vote in advance from August 26th.

How to know if you are eligible to vote

Everyone who has the right to vote in the parliamentary, regional, and municipal elections will receive a voting card.

Your voting card will be sent either to your digital mailbox or to your home by post.

The voting card states which elections you are eligible to vote in and which polling station you are supposed to use on election day.

Bring identification

You must be able to prove your identity when voting. For example, you can use an ID card, driving license, passport, or have someone confirm your identity.

You can have a messenger assist you with voting

If it's difficult for you to get to a polling station, a messenger can assist you by taking your vote there for you.

Alternatively, we can send polling staff to collect your vote from you at home, or from another place of your choice. Contact Enköping Municipality's Contact Centre if you would like this assistance.

You must contact the municipality no later than **September 13th at 12:00 PM** to receive this help.

Vote on Election Day

There are 24 polling stations in Enköping.

If you wish to vote on election day, you must go to the polling station listed on your voting card.

You can also vote at the Enköping Library regardless of which district you live in.

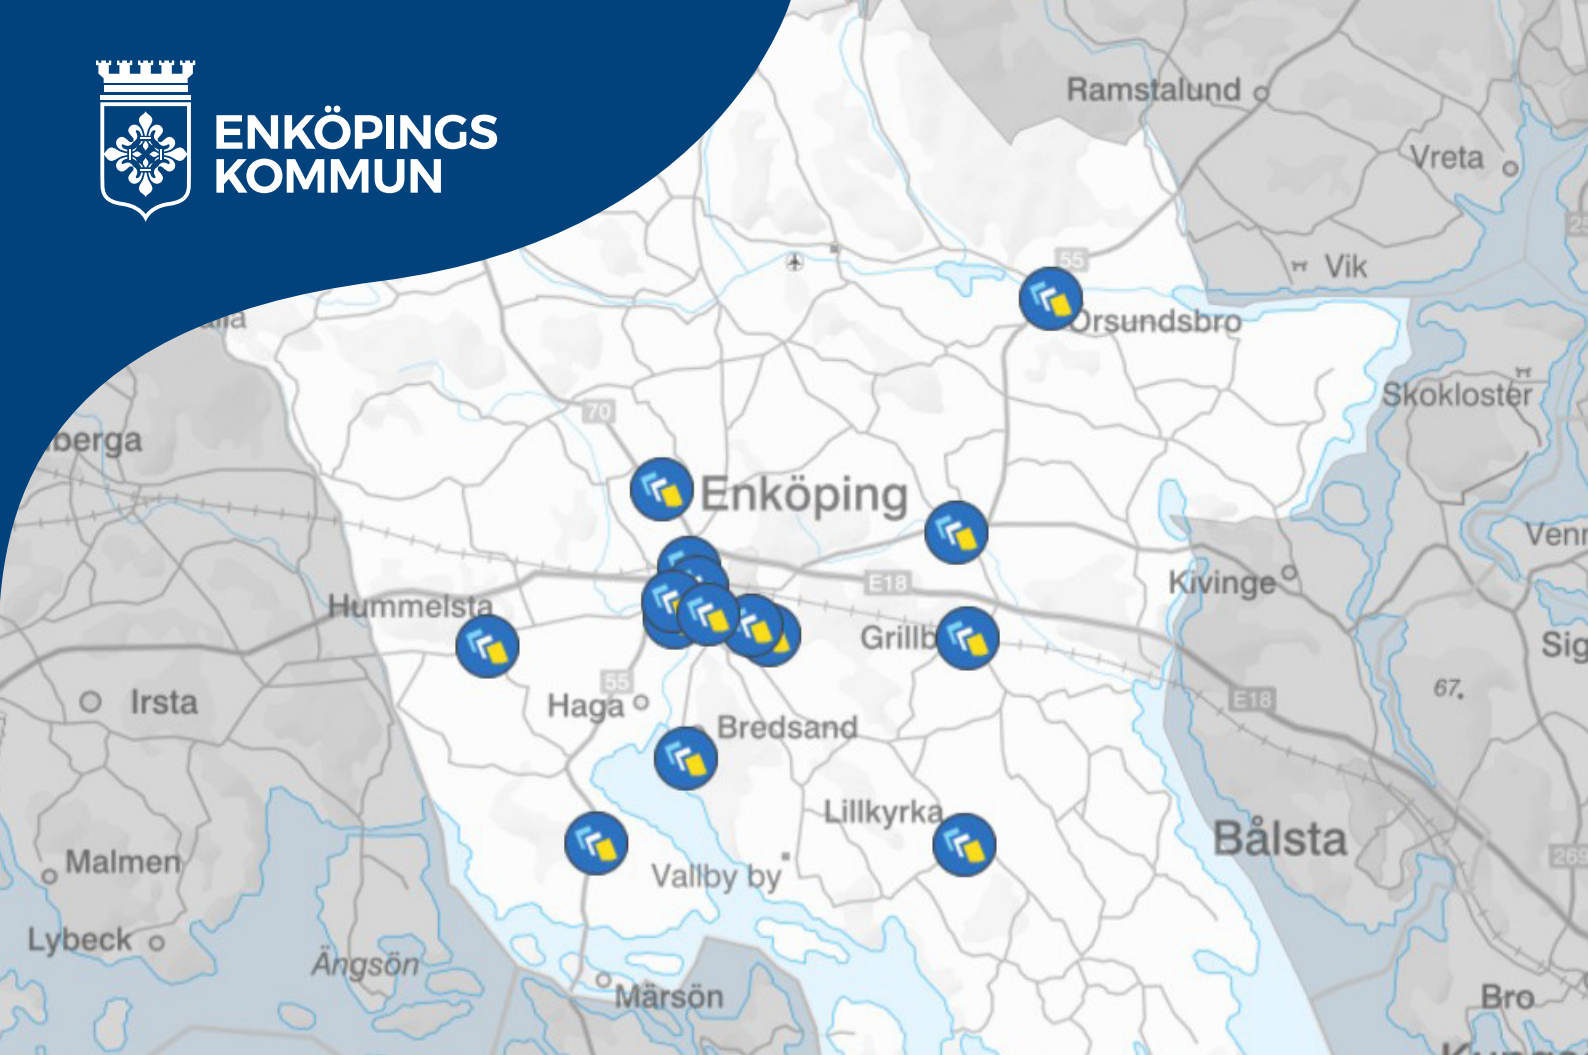

All polling stations are open from **08:00 to 20:00** on election day.
